

All in-house laboratory tests, as well outside tests found in the following list, will be covered under the price of the plan. Laboratory tests and panels not specifically listed on the 'included' list will be deemed 'excluded', even if not detailed on the excluded list. All 'excluded' laboratory tests and panel will be paid by the planholder.

### Included laboratory tests

11-Deoxycortisol	BUN	Ear (swab)
17-OH Progesterone	C1 esterase	EBV antigen
24-hr Urine catecholamines	CA 125	Electrophoresis protein
24-hr Urine lucose	CA 15-3	ENA
a1-antitripsin	CA 19-9	Encephalitis antibody
ABO, Rh, Antibody Screen	CA 199 Tumor Marker	Entamoeba histolytica antibody
Acid Fast Bacillus Stain	CA 72-4 Tumor marker	EPS
ACTH	Cadmium	Erythropoetin level
Adenovirus	Calcitonin	ESR
Adrenal gland antibody antitest	Calcium	Estradiol
Albumin	Campylobacter jejuni antibody	Eye (swab)
Alcohol	Carbamazepine	Eye culture
Aldosterone	CBC	Ferritin
Alk Phase	CEA	Fibrinogen
Allergy Wasp Test	Ceruloplasmin	Folate
ALP- isoenzymes	CFTR	Free T3
AMH	Chlamydia	Free T4
Amylase	Chlamydia PCR	Free-Prostate Specific Antigen
ANA	Chlamydia pneum. Ab.	FSH
ANA-BLOT	Chlamydia pneum. serology	Ganglioside antibody profile
Anca	Chlamydia trachomatis PCR	Genetic test - Leiden V. factor
ANCA	Chloride	Genetic test - Prothrombin mutation II. factor
Androstendione	Chromium	GGTP
Angiotensin Converting Enzyme (ACE)	Chromogranin A	Giardia antibody
Anti HAV IgG, IgM	CK Mb	Glucose Fasting: >6 hours
Anti HAV IgG, IgM Quick testing	CK Total	Glucose Random
Anti HBs IgG, IgM	Clostridium diff.	Glucose Screen 1 hour OB
Anti HCV IgG quick testing	CMV antibody	Glucose Tolerance-3hour OB (1)
Anti HCV IgG	Cobalt	Gonorrhea PCR
Antimicrosomal antibody	Coeliakia	Growth Hormone (Somatotropin)
Antimitochondialis antibody	Complement C3	H. Pylori
Antithyreoglobulin antibody	Complement C4	H. Pylori antigen
Antiadrenal antibody	Complement Cq	H1N1 PCR
Antibody Screen	Complement Functional Activity	Haptoglobin
Anti-DNS antitest	Cortisol	HBc IgG, IgM
Antifilagrin test (CCP Antibody)	Cortisol free urine test	HBeAg
Anti-GMB antitest	C-Peptide	HBsAg
Antimitochondrialis antitest (AMA)	C-reactive Protein	HBV PCR
Antithrombin III.	Creatinine	HCG Urine
APC resistance	Creatinine Clearance	HCV PCR
ASCA	Cryoglobulin	HCV-RNS-Qualitative
ASO	Cystatin C	HDV-Antibody test
B12	Cytomeglovirus Ab	Hemochromatosis genetic test
Bartonella Henselei antibody	D-Dimer	Hepatitis D virus PCR
Beta-2 microglobulin	DHEA-S	Herpes antibody
Beta-Cross Laps	DHT (dihydrotestosztoszteron)	Herpes Simplex Virus PCR
BGSA/strep	Differential Auto	Herpes Virus Detection
Billirubin Direct	Digoxin	HgB A1C
Billirubin Total	Diphtheria Antibody	HIB Antibody
Blood Culture	Dopamine	Histamine intolerance
Bordetella antibody	Drug Abuse Screen	

HIV Testing with additional rush fee	NSE-Tumor Marker	Sickle Hemoglobin
HLA B27 Typing	Occult Blood	Skin/Hair culture
Homocysteine	OVA Smear	Sodium
HPV Detection PCR	P53 Tumormarker	Special Antibody Screen
HPV Typing PCR	PAP Smear	Sputum Microscopic x3
HPV-PCR	Parathormone	Stone analysis
HSV Antibody	Parvovirus antibody	Stool Calprotectin
HSV Culture	Pathology Lesion	Stool Culture
HSV IgG, IgM	Perianal culture	Testosterone Free
HTLV-I	Peripheral smear	Testosterone Total
HZV Antibody	Phenobarbital	Tetanus Antibody
IgE	Phenytoin	Throat Culture
IgF	Phosphorus	Thyroglobulin level
IgG and IgM	Plac test	Thyroidea antibody
IgG Subclasses	Plasma Renin Activity	Total Protein
IgM	Pneumococcus Antibody	Toxocara antibody
Immuno electrophoresis	Potassium (K)	Toxoplasma antibody
Influenza A+B Antibody	PPD - Tuberculin Skin Test amp.	TPA -Tumor Marker
Insulin	Procalcitonin	TPHA (Syphilis)
Iron	Progesterone	Transferrin
Irregular Antibody Screen	Prolactin	Treponema identification test
Lamotrigine	Prostate Specific Antigen	Treponema IgG
LDH	Protein C	Trichinella antibody
Lead Level Screen	Protein S	Trichomonas PCR
Legionella antibody	Protein Total	Troponin-Qualitative
LH	Prottime / INR	TSH sensitive (1)
Lipase	PTT	TTG IgG/IgA
Lipid Profile: Chol., Trig., HDL, LDL	Reticulocytes	Tumor M2-PK
Lithium	Reverse T3	Ureaplasma PCR
Lupus Anticoagulant	Rheumatoid Factor	Ureaplasma urealyticum
Lymes Titer	Rota rapid test	Urethral Culture
Macroprolactin	RSV antibody	Uric Acid
Magnesium	Rubella Antibody screen (Morbilli)	Urinanalysis Strip and Micro
Malaria Test	Rubeola (Measles)	Urine Culture Identification
Mantoux/PPD including reading	S100-Tumor Marker	Urine Culture
Maternal Serum AFP	Salmonella antibody	Urine microalbumin creatinin ratio
Mercury	SCC Tumormarker	Urine microalbumine Quantitative
Mono Test	Schistosoma urine	Urine quantitative calcium
Mumps antibody	Selenium	Urine Strip
Mycobacterium Tuberculosis PCR	Semen Analysis-complete	Urine VMA
Mycoplasma PCR	Semen Culture	Vaginal Culture
Mycoplasma pneum. Ab.	Serum Cholesterol	Valproate acid
N. Gonorrhea Culture	Serum Cholinesterase	Varicella antibody
N. Gonorrhea Rapid test by LCR	Serum Copper	Vitamin-D
Nail culture	Serum Triglycerides	Wound Culture
Nickel	SGOT	Yersinia Antibody
Nikotin test/ Cotinine test	SGPT	Zinc
Nose (swab)	SHBG	

### Included panels

Chem 18 Panel	Alk P, Bilirubin, SGOT, SGPT, GGT, K, Na, BUN, Creatinine, Albumin, Protein, Uric Acid, Glucose Fasting, Lipid profile: Chol, Trig, HDL, LDL, LDH, Calcium, Magnesium, Phosphorus
Gastro Panel	Gastro Panel: Gastrin, Pepsinogen, H. Pylori
In-House lab panel	
Iron Panel	B12, Folate, Ferritin, Iron, IBC, Transferrin *
LAB Health Maintenance	CBC, Alk P, Bilirubin, SGOT, SGPT, GGT, K, Na, BUN, Creatinine, Albumin, Total Protein, Uric Acid, Glucose Fasting, Lipid Profile: Chol, Trig, HDL, LDL, CRP, TSH, Urine Strip, Calcium, Vitamin D
Labor AA	

Liver Panel

Alk P, Bilirubin total, SGOT, SGPT, GGT

Renal Panel

K, Na, BUN, Creatinine, Albumin, Tot. Protein, Uric Acid

### Explicitly excluded laboratory tests

18-OH Corticosterone	HCV Type and HCV PCR	PrenaTest (Chromosomes exam)
Allergy Inhalative	HE4 - Ovarian cancer test	QuantiFeron TB
Allergy Nutritive	Hepatitis B PCR	Schistosoma antibody
Anti-cardiolipin antitest	HIV I & II quick testing	Serum HCG Quantitative
BRCA 1 - Genetic Test - full screen	HIV I & II	Stroke Genetic Panel
BRCA 1,2 - Genetic testing for breast cancer	HIV PCR	Thrombosis panel
Coeliakia genetic test	Lactose Intolerance Genetic Test	TORCH
Food Intolerance Panel (221 food allergens)	Leptospira	Zika virus antibody
Genetic test of Alzheimer Disease	Maternal Integrated Test	

### Excluded laboratory panels

Hepatitis B chronic panel	
Hepatitis Panel	
Hormone Panel	
Infertility 1 Panel	
Infertility 2 Panel	
PCR panel	NG, HSV, Chlamydia, HPV, Mycoplasma, Ureaplasma PCR
Pregnancy Panel	ABO , Rh , Antibody Screen , Torc , TPHA(syphilis), HIV I & II , PT/INR, HBsAG, Vaginal culture, Pap Smear, CBC, Protein, Billirubin, SGOT/AST, SGPT/ALT, Glucose-fasting, Serum Cholesterol, Urine strip

**Valid from January 1st 2016, until further notice.**
